## HUSBAND RESCUED DESPAIRING WIFE

**After Four Years of Discouraging Conditions, Mrs. Bullock Gave Up in Despair. Husband Came to Rescue.**

Catron, Ky.—In an interesting letter from this place, Mrs. Bettie Bullock writes as follows: "I suffered for four years, with womanly troubles, and during this time, I could only sit up for a little while, and could not walk anywhere at all. At times, I would have severe pains in my left side.

The doctor was called in, and his treatment relieved me for a while, but I was soon confined to my bed again. After that, nothing seemed to do me any good.

I had gotten so weak I could not stand, and I gave up in despair.

At last, my husband got me a bottle of Cardui, the woman's tonic, and I commenced taking it. From the very first dose, I could tell it was helping me. I can now walk two miles without its tiring me, and am doing all my work."

If you are all run down from womanly troubles, don't give up in despair. Try Cardui, the woman's tonic. It has helped more than a million women, in its 50 years of continuous success, and should surely help you, too. Your druggist has sold Cardui for years. He knows what it will do. Ask him. He will recommend it. Begin taking Cardui today.

## SOMETHING ABOUT THE "SHA-TAW-KWA"

Program Lasting Seven Days Is Secured By Committee of Local Hosts.

What is a "Sha-taw-kwa"? Doubtless this question has been asked many times within the last few months. Very soon the question is to be answered by a platform demonstration.

It will be but a short time until the Redpath Chautauqua forces will arrive here, pitch their 90x130 ft. tent and settle down for a seven days' program of delightful entertainment. The Chautauqua is in the hands of a local committee who will have season tickets ready for those who desire to avail themselves of such choice entertainments.

The original Chautauqua was held in New York State more than forty years ago, but not until recent years has the movement become general. Today practically every community of consequence supports such a program.

Of the many special features to be introduced at the Redpath Chautauqua this summer, one of the most delightful will be "Joy Night." This will fall on the evening of the closing day, and at that time the Edwin R. Weeks Company will furnish a miscellaneous program fully up to the expectations of the most particular.

"Joy Night" is always a great event in Chautauqua towns. It is the grand finale of a seven-day program that increases in interest as the days go by.

## WOMAN COULD NOT SIT UP

**Now Does Her Own Work Lydia E. Pinkham's Vegetable Compound Helped Her.**

Ironton, Ohio.—"I am enjoying better health now than I have for twelve years. When I began to take Lydia E. Pinkham's Vegetable Compound I could not sit up. I had female troubles and was very nervous. I used the remedies a year and I can do my work and for the last eight months I have worked for other women, too. I cannot praise Lydia E. Pinkham's Vegetable Compound enough for I know I never would have been as well if I had not taken it and I recommend it to suffering women."

**Daughter Helped Also.**

"I gave it to my daughter when she was thirteen years old. She was in school and was a nervous wreck, and could not sleep nights. Now she looks so healthy that even the doctor speaks of it. You can publish this letter if you like."—Mrs. RENA BOWMAN, 161 S. 10th Street, Ironton, Ohio.

Why will women continue to suffer day in and day out and drag out a sickly, half-hearted existence, missing three-fourths of the joy of living, when they can find health in Lydia E. Pinkham's Vegetable Compound?

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.

## COLERIDGE TAYLOR CLUB

Unique Society Conducted In Chicago By J. A. Mundy, a Former Maysville Colored Boy.

The Coleridge-Taylor club, J. A. Mundy, conductor, presented a program of music by negro composers last night in Orchestra hall before an audience that filled the upper portions of the auditorium. There were interpolations by the soloists, which represented Wagner, Cadman, Ovid Masin, Campbell-Tipton, Handel, Verdi, and others. But the moments of greatest interest for the patrons of the event as well as for the professional concertgoer, were provided by the examples of true negro music.

Will Marion Cook's "Rain Song," a sort of ballad, or narrative, for seven solo voices and chorus, is pure negro music. It has been influenced by the music of the white man only as it has made use of certain of the simplest formulas for elaborating melody. Other harmony, and in emotional content, it is quite unlike any other music in the world. In it may be traced the same elements that have been perverted in the popular music of the day. But the fundamental character is different.

This was not true of the compositions by Mundy, which seemed to have been copied after models that have served a recent generation of anthem writers. Nearer to the true negro idiom were the plantation songs of N. Clark Smith.

Young Mundy is a native of Maysville and son of the late Sam Mundy. His mother now resides with him in Chicago.

**LUKE McLUKE SAYS.**

Every now and then Father will vent his mean disposition on the children, and then sneak out of it by talking about "Discipline."

Another reason for the High Cost of Living is that every family has a few children who have to be paid a regular salary to take medicine.

You never can tell. Sometimes the relative who comes to visit you and has nothing but a pasteboard grip for baggage will stay longer than the one who brings four steamer trunks.

Of course there is no harm in getting full of rattlesnake oil and going out on a Joy Ride. But we have noticed that most of the undertakers are spending a lot of money putting new fronts into their establishments.

## The Pleasure of Eating—

Yes—but far more important is the effect of food on body and brain.

## Grape-Nuts

is not only a delightfully appetizing food, but is remarkably rich in nutritive value.

Made from whole wheat and barley, Grape-Nuts retains all the nutrition of these grains, including the mineral salts—phosphate of potash, etc.—so necessary for growth and repair of the delicate brain and nerve tissues, but which are so often lacking in ordinary food.

Ready to eat from the package, with cream or milk and a sprinkling of sugar.

A ration of Grape-Nuts along with other food helps wonderfully to provide a well-balanced dietary.
